DEPARTMENT OF HEALTH
106 CHARLES LINDBERGH BLVD.
UNIONDALE, N.Y. 11553

February 10, 2009

Re: New Federal Law
Virginia Graeme Baker Pool & Spa Safety Act.

Dear Owner/Operator:

As a follow-up to the Department's letter dated January 7, 2009, enclosed is a form entitled "Swimming Pool Modification for the Prevention of Suction Entrapment". This form was created to assist you in supplying this office with the information necessary to review your plans to replace your swimming pool main drain grates and, if required, to install a Safety Vacuum Release System.

Please complete this form in duplicate and follow the outline described in the Department's earlier letter to ensure that your submission can be satisfactorily reviewed and approved.

Should you require any additional assistance please contact this office at 227-9720.

Very truly yours,

Angela B. Pettinelli, P.E., Director
Office of Recreational Facilities
Bureau of Environmental Engineering
